

KEY SERVICES:
MUNICIPAL SUPPORT

WHO WE SERVE

> **CLIENTS INCLUDE**

- > Municipalities
- > Parks and Recreation

At LJB, we are available beyond the normal work day because we know municipalities don't stop working at 5:00 p.m.

LJB understands the challenges municipalities face on a day-to-day basis. Each project comes with its own set of deadlines and budget constraints. As acting municipal engineer or community planner for various municipalities, we know the value of being able to stretch a dollar to complete the job.

We understand that city meeting schedules, committees and relationships with surrounding communities may play a key part in projects. LJB helps cities get genuine feedback from its citizens and provides an end product that will serve the community well into the future. We go beyond simply developing solutions. We are committed to becoming an integral part of our client's team.

An understanding of a project from conception through construction allows us to answer questions quickly without compromising quality, schedule or budget.
