

## MARKETS: PUBLIC WORKS

### WHO WE SERVE

#### > CLIENTS INCLUDE

- > Municipalities
- > County agencies
- > Parks and Recreation

At LJB, we view our service to public works clients as a service to communities -- communities where we live and work.

From upgrading a roadway, bridge or water line to designing a new community park or recreation trail, LJB is focused on improving communities.

We provide innovative facility and infrastructure design solutions because we understand there is no room for error when public money is involved. We know the value of being able to stretch a dollar to get the job done.

We understand client schedules, committees and relationships with surrounding communities may play a key part in a project. LJB helps our public works clients get genuine feedback from its citizens and provide an end product that will serve the community well into the future. We are not interested in turning in the plan and being finished with the project. We are invested in the success of your projects for the future of your community.

With professionals including engineers, surveyors, environmental scientists, planners and right-of-way acquisition specialists, LJB has everything you need to provide facilities and infrastructure its citizens can be proud of for years to come.
